The 46th International Conference on Very Large
Data Bases (VLDB 2020)

<https://vldb2020.org/>

Tokyo, Japan

August 31 – September 4, 2020

Greetings

The VLDB International Conference, sponsored by the VLDB Endowment, is a top-tier annual conference for the database field, and 2020 will be its 46th meeting. It is one of three international conferences focused primarily on databases, along with SIGMOD (organized by ACM) and ICDE (organized by IEEE). This will be the third meeting in Japan; it was held in Tokyo in 1977 and Kyoto in 1986. VLDB presentations cover a wide range of database technologies and systems, from data mining to big-data analysis, providing excellent opportunities for learning about state-of-the-art technologies and system trends in the database field and their applications to research and development.

In recent years, there has been increased focus on the importance of fostering human resources related to databases, big data, cloud computing, and the data sciences. This necessitates continual monitoring of international trends in research and development, for which an international perspective is vital. The VLDB 2020 conference will contribute to the development of such human resources through conference event planning and management.

VLDB 2020 can provide our supporting companies and organizations with help in improving their presence and in informing others about their activities in various ways, including by displaying company logos on our homepage and in pamphlets. Display booths provide further opportunities for to distribution information to domestic and international participants.

The VLDB 2020 Organizing Committee is eagerly anticipating your participation.

Expected number of participants: 800 (350 domestic, 450 international)

Note: We will be capable of hosting 700–1,000 participants.

Number of presentations: (based on the data of VLDB 2017)

Keynote speeches: 2 (In addition, lectures by each prize winner)

Panels: 1

Research papers: 141

Industrial papers: 20

Tutorials: 8

Demonstrations: 35

In addition to the above, 10 workshops (one of which will be a Ph.D. workshop)

Conference composition

- (1) **Keynote speeches:** Multiple lectures by noteworthy top-level researchers and developers.
- (2) **Research paper presentations:** Presentations of the results of cutting-edge research. Note that only papers that have been submitted to and accepted by that year's issue of the journal *Proceedings of the VLDB (PVLDB)* are qualified for presentation at the VLDB conference.
- (3) **Industrial paper presentations:** Primarily presentations related to systems technologies in the industrial sector. As with research papers, industrial papers must have been accepted by *PVLDB*, but submissions are not accepted throughout the year. Instead, they are accepted in conjunction with hosting of the VLDB conference. Note that VLDB conferences in recent years have not established separate industrial sessions, but have presented industrial papers along with presentation sessions for research papers on similar topics.
- (4) **Demonstrations:** Demonstrations of cutting-edge technologies and systems. As with industrial papers, submissions and acceptance are for that year's VLDB conference.
- (5) **Tutorials:** Commentaries about cutting-edge database technologies presented by researchers well-versed in the field.
- (6) **Panel discussions:** Panel discussions by top-level researchers and developers on topics related to database technologies.
- (7) **Poster sessions:** Poster presentations with oral descriptions of research and industrial papers, allowing opportunities for more detailed descriptions than are possible in presentations.
- (8) **Workshops:** Proposed workshops on individual topics held in conjunction with the VLDB conference, along with presentations and discussions focusing on those themes.
- (9) **Banquet:** A social event for deepening interaction between conference participants.
- (10) **Exhibitions:** Corporate-sponsored booths useful for public relations and recruiting related to corporate systems.

Sponsorships

Sponsor categories

We refer to companies and organizations supporting VLDB 2020 through sponsorships as “sponsors.” There are two sponsor categories:

1. **Basic sponsors:** Organizations providing non-specific support through diamond, platinum+ (platinum plus), platinum, gold, silver, or bronze sponsorships.
2. **Special sponsors:** Organizations providing support for specific aspects of the conference, such as poster receptions and coffee breaks.

In addition to benefits common to all sponsors, there are other benefits according to sponsorship type. See page 10 for details of benefits for basic sponsors, and page 13 for special sponsor benefits.

Please feel free to contact the VLDB 2020 Organizing Committee with any questions regarding becoming a sponsor.

Sponsor and exhibit applications

- The deadline for inclusion in the conference program is expected to be in late June 2020. Please note that sponsor and exhibit applications submitted after that date may result in being omitted from the program.
- Please make inquiries and applications as VLDB 2020 sponsors as early as possible so that your company name and logo can be displayed for the longest time possible.
- We will contact applicants with further information about supplying banner ad files and complimentary badges after receiving applications.

Common Sponsor Benefits

All sponsors will receive the following benefits:

- Listing of your company name and logo as a VLDB 2020 sponsor in the conference program.

Sponsorship Applications

Thank you for your interest in applying as a VLDB 2020 sponsor. The following describes procedures for application as a VLDB 2020 sponsor. Please submit applications and inquiries to the VLDB sponsorship contact at the following email address:

vldb2020@jtbc.com.co.jp

1. Please contact us via email with any questions about sponsoring VLDB 2020 or sponsorship benefits. It would also be helpful if you could let us know of your intention to become a sponsor, even before you make a formal application.
2. An application for sponsorship can be found on the following pages. Please fill in the necessary details and submit applications as an email attachment to the VLDB sponsorship contact at the address above. Please also contact us at this email address if you need a copy of the application form in Microsoft Word format.
3. After submitting your application, please follow the instructions we send to you regarding bank wires for payment of sponsorship fees.
4. The VLDB 2020 website is currently being prepared, and we expect to launch it in September 2018. Please contact us regarding posting of your logo after the website launch.

We look forward to support from many companies and organizations. Please send any questions or comments regarding VLDB 2020 to vldb2020@jtbc.com.co.jp.

We thank you for your support and cooperation.
